

GE Dash 8-40CM "Draper Taper"

DC/Silent: US \$159.95
DCC/Sound: US \$249.95

The General Electric Dash 8-40M is Rapido's first modern freight locomotive and the first model in our "Prime Movers by Rapido" range. This is our new line of budget conscious models based on all-new tooling and also includes the 53' Husky Stack Well Car and 53' Modern High-Cube Container.

Six paint schemes make the initial line-up, including Canadian National & British Columbia Railway. Several road number options are available for each scheme. There is also an undecorated model.

The DCC/Sound Dash 8 will come with the new ESU 'Essential Sound Unit' 4-function decoder installed at the. DC models have a 21-pin dummy plug easily accessible from the bottom of the fuel tank.

Order deadline September 26th, 2016. Delivery expected 2017.
