**Rapido is pleased to announce the Magor 54' DODX Flatcar in HO Scale!**

At the height of the Korean War, the US army required a new fleet of rolling stock to transport military hardware across the nation on any railroad. Notably, a large order for 650 cars was placed with the Magor Car Corporation to handle the heavier and larger tanks and other military equipment of the era. Delivered between April and July 1953, the Magor fleet came in at 54' and weighed in at around 36 tons with a 100-ton load carrying capacity. Features included a wood deck and heavy steel frame construction along with 6-wheel buckeye trucks.

For a detailed history of these cars, check out the [DODX Flatcar](#) page on our website.

**The Rapido 54' Magor DODX Flatcar features:**

- Drawn from original blueprints, measurements and 3D scans
- Fully-detailed underframe including piping and equipment
- Correct Buckeye 3-axle trucks with incredible detail
- Metal knuckle couplers
- Simulated wood deck design
- Loads coming soon
- Trucks have friction bearings or retrofitted roller bearings as appropriate

*Attention Private!  
Keep an eye out for the  
DODX loads, coming soon.*

Note: All schemes are available in 6-pack cases, as well as single cars. Car numbers for single orders will be randomly selected from the listed road numbers. Unnumbered cars are available by special request only.

**MSRP** Single **\$59.95** USD    Single **\$69.95** CAD  
6-pack **\$359.70** USD    6-pack **\$419.70** CAD

**Order Deadline:  
TBD**
